Emdeon Prescription Benefit Solutions Retail Pharmacy Network Administration

Flexible, transparent
control over Pharmacy
Networks can help
you reduce the cost
of prescription drugs.

Take control of member claim costs

Emdeon Prescription Benefit Solutions provides health plans and payers a cost-effective alternative to the daily administration and management of proprietary Retail Pharmacy Networks. Our flexible and transparent retail pharmacy network options were designed specifically to give you the control you need to supplement any level of existing management in whole or part.

Easily build and maintain flexible networks

With over 17 years experience, Emdeon Prescription Benefit Solutions has the expertise to fully support client proprietary retail pharmacy networks or lend assistance and expertise in establishing these networks. Clients may choose to implement one or more networks with which they have contracted, Emdeon's network, or any combination of the two.

Generate recognition within the pharmacy

Emdeon Prescription Benefit Solutions navigates the intricacies that can affect successful network implementation. Our support model utilizes pharmacy relationships to ensure efficient and thorough exposure. Overcome pharmacy recognition barriers through our consultative services and ongoing provider communication.
